# What has been done until now?

## What are the next steps?

- **28 May 09: Joint Meeting of WP 3 Coordinators in Vilnius**
  - Preliminary talk and preparation of Kick-Off-Conference
- **15/16 Jun 09: Kick-Off-Conference**
  - To discuss and evaluate existing urban development approaches
  - To present the individual projects of PPs
  - To discuss main thematic issues and work plan of WP 3
- **Jul/Aug 09: Joint Meeting of WP 3 Coordinators in Potsdam**
  - To determine requirements and work plan of WP 3
  - **Information for PPs about next steps and milestones**
- **Sep 09: Joint Meeting of WP 3 Coordinators in Vilnius**
  - To discuss project situation and prepare workshop in Siauliai 29 Sep 09

# What is WP 3 dealing with?

- **Aim:**
  - To enhance the application of integrated urban development approaches to increase the energy performance of urban quarters
- **Activities:**
  - PPs will work on integrated urban development approaches on three levels:
    1. Analyse existing integrated urban renewal processes in Berlin and Brandenburg
    2. Elaborate and partly implement integrated urban development concepts for five target areas based on SWOT-analysis
    3. Exchange experiences and knowledge and produce transferable guidelines and recommendations for urban development approaches/policies

# Involvement of residents/owners, stakeholders, municipalities, planners ...

## ... City's commitment

### Integrated urban development concept / Master Plan

#### Framework for urban development

Determination of  
general principles for  
long-term urban  
development  
principles

Coordination of  
strategies of the  
most important  
municipal fields

Definition of
